

MUHAMMAD AYAN HASHMI

Frontend Developer • Web Developer Intern • Computer Engineering Student
ahashmi5401@gmail.com • LinkedIn • Karachi, Pakistan

Summary

Frontend Developer Intern with expertise in building responsive, user-centric web applications. Proficient in HTML, CSS, JavaScript, React, and Tailwind CSS with strong problem-solving capabilities. Passionate about creating scalable interfaces and optimizing user experience. Actively pursuing Computer Engineering degree with commitment to continuous learning and industry best practices.

Core Competencies

Frontend Development (HTML, CSS, JavaScript) • React.js & Component Architecture • Responsive Web Design • Tailwind CSS & Bootstrap • User Experience Optimization • REST APIs Integration • Git Version Control • Data-Driven Solutions • Problem Solving • Clean Code Practices

Professional Experience

Frontend Developer Dec 2025 - Present

Aykays Agency, Karachi

- Develop responsive web interfaces using HTML, CSS, JavaScript, and React
- Implement modern frontend practices to optimize layouts and user experience
- Collaborate on real-world projects to strengthen problem-solving skills
- Write clean, maintainable code following industry best practices

Web Developer Dec 2025 - Present

HexSoftwares, Remote

- Build responsive web applications using HTML, CSS, JavaScript, and Bootstrap
- Implement modern frontend practices to optimize components and UX
- Collaborate with cross-functional teams on real-world projects
- Write clean, DRY code adhering to web development best practices

Education

Bachelor of Computer Engineering Oct 2025 - Apr 2029

Sir Syed University of Engineering & Technology (SSUET), Karachi

Certificate: Modern Web App Development May 2025 - May 2026

Saylani Mass IT Training, Karachi

Certificate: Data Science Sep 2025 - Nov 2025

NED University of Engineering & Technology, Karachi

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, Bootstrap

Styling: Tailwind CSS, CSS Grid, Flexbox

Tools: Git, GitHub, VS Code

Additional: REST APIs, Responsive Design, Data Science

Certifications & Job Simulations

- Goldman Sachs Risk Job Simulation - HackerRank: Advanced risk analysis and problem-solving
- Skyscanner Front-End Software Engineering Job Simulation - HackerRank: Frontend solutions aligned with industry standards

- Local Storage Implementation: Expertise in browser storage and state management

Key Achievements

- Completed job simulations at industry-leading companies (Goldman Sachs, Skyscanner)
 - Enrolled in Bachelor's degree in Computer Engineering at top-tier institution
 - Maintained concurrent roles at two development firms while pursuing formal education
 - Gained hands-on experience bridging frontend development and data science
